

# The Making Of The Spitfire

3D Website componants and Animation.

# The idea.

The user spins a fully animated scale model of a spitfire. They are able to select areas that they would like to find more information on. A pop-up box appears filled with content about that section. The name, its origin, its builders.

It's story.

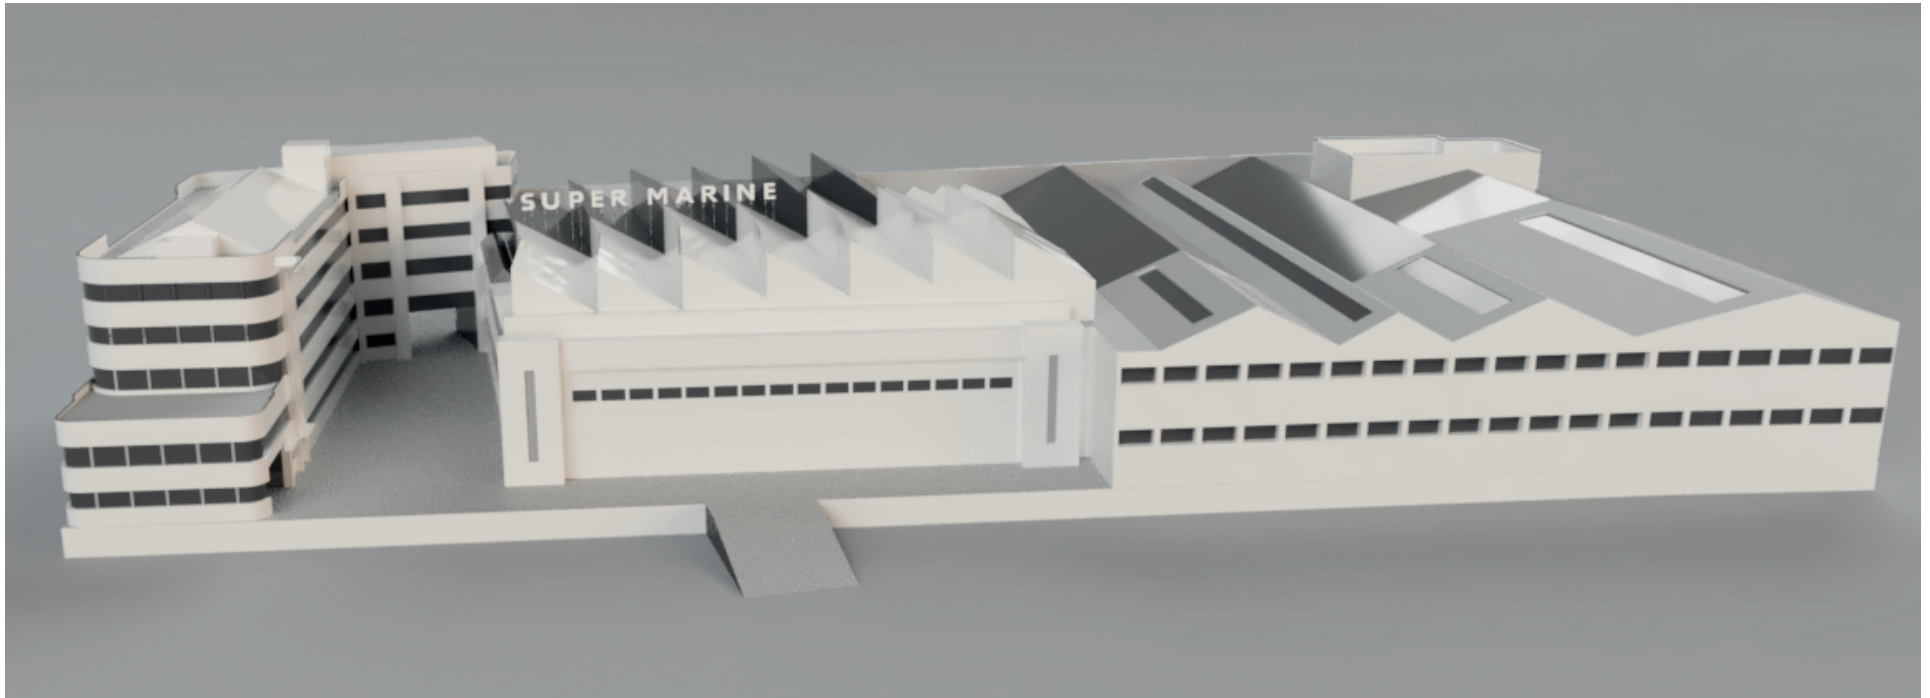

# The aircraft.

Accurate 3D models of the Supermarine Spitfire

# The location.

The Woolston Supermarine Works

# The mechanics.
